Chapter 10: What The Critics And Proponents Have To Say

Wrapping Up

FORWORD

What is a Miracle?

The dictionary defines the word “miracle” as an extraordinary, unusual or supernatural event that manifests divine intervention in the affairs of men.

When miracles happen, laws of nature are broken and a higher being is at work.

This higher being is what most people usually refer to as God.

Some miracles are attributed to miracle workers, saints or even religious leaders because it is believed that God works through them.
