Thank you for picking up this eBook:

Learning the Alphabet – Counting eBook.

This eBook aims to teach two-year-olds and up, counting from 1 to 26, where A is 1, B is 2, C is 3 etc. - using a full range of necessary skills to prepare them for life and to do the reading, counting and learning fun!

Your child will quickly learn to recognise, identify and associate pictures with numbers and words to start reading.

Say the number aloud while pointing to each word or image, so your child can see the names or pictures, letting them repeat the words and count the images.

I do hope you and your child enjoy using this counting book and spending quality time together.
