# How to Create Streams of Income!

## A Step-By- Step Guide to Creating Wealth

**Remember this: Wealth is Power!! I declare to myself that I will claim my share of all the good things of life.**

I will not be satisfied with the lot of a poor man. I will make myself a guest at this banquet table and take the good things of life. Quite often, youth thinks that age knows only wisdom of the days that are gone, and therefore profits not. The thoughts of youth are like meteors making bright the sky, but the wisdom of the age is like the fixed stars that sailors may depend upon to steer the course.

The road to wealth was found when I decided that: **Part of all I earn is mine to keep. I will pay myself one tenth of all that I earn. Wealth is Like a tree; it grows from a tiny seed. Do not eat your seed.** After twelve months of saving the one tenth of all that you earn, invest thy treasure with great caution.

**Lesson #1: Live upon less than you can earn.**

**Lesson #2: Seek advice from those who are competent to give it.**

**Lesson #3: Invest to make your gold grow.**

**I now know: How to acquire money, how to keep it and how to use it. Opportunity wastes no time with those who are unprepared. Wealth grows wherever men exert energy.**
