The Manual of Intercession

Foreword

Volume One

The Manual of Intercession (Volume One) provides a practical view and understanding of the calling and ministry of intercession, the disposition and efficacy of the intercessor at the altar of intercession and the art which the intercessor needs to imbibe in order to be faithful to the Lord of intercession Who has called Him.

Dr. Theophilus Taiwo Ajose (Bishop Ajose) is a core prophetic/warfare intercessor, prophet and apostle of over twenty (20) years full time in the intercessory ministry and calling.

The intercessory grace upon his life has seen him lead territorial intercessions and intercession warfare for many nations and cities of the world, for world leaders, church leaders, organizations and people as revealed and led by the Lord.

Intercession is the greatest work on the earth and as such, intercessors need and require proper and adequate training in order to show themselves “approved unto God.”

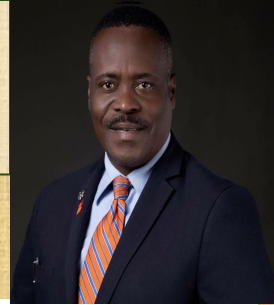

There is no better way to learn this except from an intercessor himself, who has spent over twenty (20) years in core intercessions to the glory of our Lord Jesus Christ, Who put him into ministry and has appeared to Bishop Ajose five (5) times in the last twenty (20) years and translated him to heaven at the first visit where the Lord showed him things unlawful for eyes to see and spoke to him things unlawful for ears to hear! Welcome to the ministry of Intercession!! Maranatha!!!

The Manual of Intercession

Introduction

Volume One

The Manual of Intercession (Volume One) is one book you need if you must have a sure footing in the calling, school and ministry of intercession in a practical way.

It is not enough to have the gift and calling of intercession upon your life. You must “study to show yourself approved unto God” (2 Tim. 2:15) and “make your calling and election sure: for if ye do these things ye shall never fail.” (2 Peter 1:10).

A lot of genuinely called intercessors have been “maimed and wounded” in spiritual battles and have also destroyed good relationships and lost good people sent into their lives because of lack of knowledge of how to use this wonderful gift of intercession upon their lives.

As you go through this Manual, Holy Spirit, the Lord of Intercession, shall impart you with more graces for practical intercession and uplift your spirit man to a higher level of intercessory grace and authority.

Thanks for having this Manual in your possession and as you treasure what the Holy Spirit has downloaded into this book, you shall tread on the blessed paths of the great intercessors of old acknowledged by the Lord Himself. Shalom!
