BAD SKIN?

Stop Worrying About Pimples, Blackheads and Other Externally Caused Skin Troubles

Try Skin Doctor's Amazing Simple Directions and Be Thrilled with the Difference—
Often So Much

CLEARER IN JUST ONE SHORT WEEK

Have you ever stopped to realize that the leading screen stars whom you admire, as well as the beautiful models who have lovely, soft white skin, were all born just like you with a lovely smooth skin?

The truth is that many girls and women do not give their skin a chance to show off the natural beauty that lies hidden underneath those externally caused pimples, blackheads and irritations. For almost anyone can have the natural, normal complexion which is in itself beauty. All you have to do is follow a few amazingly simple rules.

Many women shut themselves out of the thrills of life—dates, romance, popularity, social and business success—only because sheer neglect has robbed them of the good looks, poise and feminine self-assurance which could so easily be theirs. Yes, everybody looks at your face. The beautiful complexion, which is yours for the asking, is like a permanent card of admission to all the good things of life that every woman craves. And it really can be yours—take my word for it!—no matter how discouraged you may be this very minute about those externally caused skin miseries.

Medical science gives us the truth about a lovely skin. There are small specks of dust and dirt in the air all the time. When these get into the open pores in your skin, they can in time cause the pores to become larger and more susceptible to dirt particles, dust and infection. These open pores begin to form blackheads which become in-

fectured and bring you the humiliation of pimples, blackheads or other blemishes. When you neglect your skin by not giving it the necessary care, you leave yourself wide open to externally caused skin miseries. Yet proper attention with the double Viderm treatment may mean the difference between enjoying the confidence a fine skin gives you or the embarrassment of an ugly, unbeautiful skin that makes you want to hide your face.

The double Viderm treatment is a formula prescribed by a skin doctor with amazing success, and costs you only a few cents daily. This treatment consists of two jars. One contains Viderm Skin Cleanser, a jelly-like formula which penetrates and acts as an antiseptic upon your pores. After you use this special Viderm Skin Cleanser, you simply apply the Viderm Fortified Medicated Skin Cream. You rub this in, leaving an almost invisible protective covering for the surface of your skin.

This double treatment has worked wonders for so many cases of external skin troubles that it may help you, too—in fact, your money will be refunded

if it doesn't. Use it for only ten days. You have everything to gain and nothing to lose. It is a guaranteed treatment. Enjoy it. Your dream of a clear, smooth complexion may come true in ten days or less.

Use your double Viderm treatment every day until your skin is smoother and clearer. Then use it only once a week to remove stale make-up and dirt specks that infect your pores, as well as to aid in healing external irritations. Remember that when you help prevent blackheads, you also help to prevent externally caused skin miseries and pimples.

Incidentally, while your two jars and the doctor's directions are on their way to you, be sure to wash your face as often as necessary. First use warm water, then cleanse with water as cold as you can stand it, in order to freshen, stimulate and help close your pores. After you receive everything, read your directions carefully. Then go right to it and let these two fine formulas help your dreams of a beautiful skin come true.

Just mail your name and address to Betty Memphis, care of the New York Skin Laboratory, 206 Division Street, Dept. 515, New York 2, N. Y. By return mail you will receive the doctor's directions, and both jars, packed in a safety-sealed carton. On delivery, pay two dollars plus postage. If you wish, you can save the postage fee by mailing the two dollars with your letter. If you are in any way dissatisfied, your money will be cheerfully refunded. To give you an idea of how fully tested and proven the Viderm double treatment is, it may interest you to know that, up to this month, over two hundred and twelve thousand women have ordered it on my recommendation. If you could only see the thousands of happy, grateful letters that have come to me as a result, you would know the joy this simple treatment can bring. And, think of it!—the treatment must work for you, or it doesn't cost you a cent.
