SETTING UP YOUR PAYPAL ACCOUNT IS SUPER FAST.

Once You have Sqrindle its time to setup Paypal to monetize your ebooks. Paypal is free and is so easy to and takes very little time. Paypal has been around many years and most of your buyers will have a Paypal account. Adeel has done most of the videos on the "HOW TO" on most everything!

STRIPE-ALTERNATIVE PAYMENT PROCESSOR (LIKE PYPAL)

Stripe is another online processor that is very easy and free to setup. It allows you to **take payments** from your Sqrindle Store, and you can also **make payments** to anyone. It's your decision on what payment processor you will want to start with. The links above will take you directly to each companies website to give you any information you may need on making the best decision for your needs.

EVOLUTION OF STARTING YOUR BUSINESS

There really is a different handbook for every person opening up their own business. You are at the level of creating ebooks and then go on to start selling them online. **The Sqrindle store** is really the 2nd phase of your online business model. You have scribble (your main tool) to create the product and **Sqrindle is the storefront** that is completely setup for you to market your ebooks.
