Wrapping Up

Foreword

Those who truly want to attain a financially free mindset, have only to set their minds on it, and acquire the proper means, as they do in relation to any other aim which they want to achieve, and it can be easily done.

But however simple it might be to make revenue, I have no doubt many will agree it's the hardest thing in the world to hold on to it. It consists merely in spending less than we bring in; that appears to be a really simple issue. A lot of my readers might say, “we comprehend this: this is mindset, and we know mindset is wealth; we know we can't eat our cake and have it as well.”

Yet maybe more cases of failure arise from errors on this point than almost any other. The reality is, many individuals think they understand mindset when they really don't.

Prosperity Pursuit!

Developing The Financially Free Mindset The Right Way.

Chapter 1:

Mindset Basics

True mindset is misconceived, and individuals go through life without properly grasping what that principle is.

One says, “I've an income of so much, and here is my neighbor who has the same; yet yearly he flourishes and I fall short; why is it? I understand all about mindset.” He thinks he does, but he doesn't.

There are men who believe that mindset consists in scrimping, in cutting off two cents from the wash bill and doing all sorts of little, mean things. Mindset isn't meanness.

The misfortune is, likewise, that this class of individuals let their mindset apply in only one direction. They fancy they're so wonderfully frugal in saving a penny where they should spend two cents that they think they can afford to waste in other directions.
