

UCM SPELLBOOK

Collection Of Useful Spells

UCM Network

Forward

The love of Esoterics is something that cannot be explained to someone who has been adjusted to manifest reality. This is a book of useful magickal spells which is intended to assist neophytes and people who are on their way to becoming adepts in the practice of magick.

The spells contained in this book represent templates for those sincere in their desire to practice but who do not have access to libraries of Grimoires which their learned counterparts who are part of covens do.

A word to the wise about this text. This practice is one of dedication. The more you practice the better you become at being able to sense the subtle shifts in your reality.

Magick is more than just spouting a bunch of syllables and wishing and hoping for the best. It is the "yoga" of western esoterics where the Mind, Body and Spirit are brought into the harmony of a directed outcome into the manifest world....

In other words Spell with intention, spell with emotion, spell with your thoughts and let your body become the conductor of this force of your will.

Remember you are mighty, you are powerful and you are the change that you want to see because you ARE THE MAGICIAN.

Praise be!!

Love Spell

Needed for this spell is a red candle and a crystal.

I call on forces higher than I,

To awaken the dreams that I hold in inside

Through this connection that knows my need

I ask for love's enchantment with all speed.

May this work for me in the most correct way
attracting

the love I need today....

I call on thee in perfect love & trust working

with me sending what's just...

Harming none and helping all is how it

Shall be

This I make true 3x3x3.

This spell is bested begun when the moon is
waxing,

but if you cannot wait that long go ahead and
do it.

Take a photo of your lover and a photo of
yourself.

Using a paper clip, hook the photos together so
that the faces

are on top of each other.

The idea is that the person cannot see past
your face.

Take the photos and place them at the bottom
of your underwear drawer.

The person should soon write, call, or reappear.

You will need:

A sampler size of your favorite scent

A pink candle

First carve a heart in your candle with a
tack or toothpick. Light the candle

in a window where it will receive moonlight
(full moon light is best).

Put the scent container in front of the
candle and say:

Venus, grant me the love that I lack;

Through this scent, my mate attract!

Let the candle burn out naturally, then
carry the scent with you, spraying on

a little whenever you are out or may be
meeting people. Increase the power of

the magic by repeating the invocation as
you put on the scent!

Protection Spell

"By the dragons light,
on this (month) night,
I call to thee to give me your might,
by the power of three,
I conjure thee,
to protect all that,
surrounds me,
so mote it be,
so mote it be!

TO PROTECT AN OBJECT:

With the first and middle fingers, trace a pentagram over the object to be protected. Visualize electric-blue or purple flame streaming from your fingers to form the pentagram. Say this as you trace:

"With this pentagram I lay
Protection here both night and day.
And the one who should not touch
let his fingers burn and twitch.
I now invoke the law of three:
This is my will, so mote it be!"

PROTECTING ITEMS FROM OTHERS:

Have a bowl of water, a bowl of salt, and one of those cheap misters you can get in the drugstore. Put candles in the four corners and light them.

Cast a circle and Call the Corners. Then Hold your hands over the bowls of water and salt, and allow your magic to flow through your arms onto the objects, surrounding them with protective light.

Say:

Protect from prying eyes
What only I can see
Protect from prying eyes
These magic things of me
Make a veil of mystic worth
Protect this magic (whatever your object is)'s hearth
Let our lines be blurred
Blended smudged and slurred
Only my eyes can see
The secrets which entrusted be

Then hold your hands over the water, and say:

I consecrate this water for protection
In the name of the Lady and the Lord
so mote it be!

Then hold your hands over the salt, and say:

I consecrate this water for protection
In the name of the Lady and the Lord
so mote it be!

Then put the water and salt into the mister and lightly mist your object(s) your personal belongings are protected!
