* About the Flip Book version of 25 Bible Trivia Questions: If you want to use links to find answers to some of the questions, the PDF version is a bit cumbersome because it only opens links in the same window. Then you have to use the "back" arrow and may have to look for the place where you left off (depending on your browser.) The Flip Book version opens each link in a new window. After you're through with it, you can close the window, and you will still be on the same page in the book. If you prefer the Flip Book version, click "Flip Book Link" in the Table of Contents above to go to the link.
