COUNTING CARNIVAL

First Edition: JANUARY 2024

In the town of Numberland, where mathematical wonders bloomed, there lived a group of playful animals eager to learn about the magic of numbers.

The leader of this adventurous bunch was Oliver the Owl, a wise and friendly teacher who loved to make math fun.

One day, Oliver decided to organize a Counting Carnival, a magical event where numbers came to life in the most delightful ways.

The animals gathered under the Math Tent, where each number had its own booth, ready to showcase its unique talents.
